In this regard, the Warrants which are not exercised will be effective until the last Exercise Date where the Warrants which are not exercised will be terminated after the last Exercise Date.

- 1.4.14 When the Warrant Holder has not fulfilled and complied with all conditions concerning the notification of the intention to exercise the Warrants as specified by the Company or the Agent Receiving Exercise Intention (if any) after the lapse of the Last Notification Period, it shall be deemed that such Warrants are nullified without being exercised and the Warrant Holder shall no longer be able to exercise the rights under the Warrants.
- 1.4.15 In the event that the Warrant Holder submitted the Warrants in an amount exceeding the intention, the Company or the Agent Receiving Exercise Intention (if any) shall proceed to deliver the new Warrants having the amount reduced to such Warrant Holder, if such Warrants are in certificate form, via registered mail within 14 (fourteen) days from the respective Exercise Date, and the former Warrants shall be canceled, except for the last exercise, there shall be no issuance of the Warrants

are not sufficient to accommodate the exercise of Warrants; the Company shall pay damages to the Warrant Holders who are unable to exercise their rights under the Warrants pursuant to Clause 1.8. Nonetheless, the Company shall not pay the Warrant Holders who are unable to exercise their rights even if there is sufficient amount of ordinary shares if the Warrant Holders are a Non-Thai individual or Non-Thai legal entity unable to exercise the right as limited by the foreign shareholding restriction as specified in the Company's Articles of Association.

1.5 Conditions of the Adjustment of Rights under the Warrants

In order for the adjustment to be made for the purpose of preserving the interests of the Warrant Holders and not to be less favorable than those currently available to them, the Company shall adjust the exercise price and/or the exercise ratio to purchase the Company's newly issued ordinary shares (or adjusting the number of units of Warrants in lieu of adjusting the exercise ratio) at any time throughout the term of the Warrants, if any of the events set out below occur:

1.5.1 In case of a change in par value of the Company's ordinary share as a result of a combination or split of shares, the adjustment of exercise price and exercise ratio will be in effect immediately, starting from the effective date of such par value according to the SET's announcement via the SET's electronic information disclosure system.

(1) The exercise price shall be adjusted in accordance with the following formula:

$$\text{Price 1} = \frac{\text{Price 0} \times (\text{Par 1})}{\text{Par 0}}$$

The adjustment of the exercise price and the exercise ratio shall become effective immediately from the first day on which the purchasers of the ordinary shares shall not be entitled to subscribe for the newly issued ordinary shares (the first day on which the SET posts XR sign) in case of the offering to the existing shareholders (Rights Issue), and/or the first day on which the newly issued ordinary shares are offered to public offering and/or a private placement, as the case may be.

"Net price per share of the company's newly issued ordinary shares" shall be calculated from the total amount of proceeds received from the offering of the ordinary shares less the amount of expenses incurred from the offering of such securities (if any), then divided by the total number of the newly issued ordinary shares at the specific time.

In addition, in case there are more than 1 (one) offering prices at the same offering of the Company's ordinary shares under the condition that the shares subscription must be made altogether, all of the offering prices shall be used to calculate the net per share of the

(-Translation-)

newly issued ordinary shares. However, in case such condition is not applied, only the offering prices that are lower than 90 (ninety) percent of the “**market price per share of the company’s ordinary shares**” shall be used for the calculation.

“**Market price per share of the company’s ordinary shares**” means the trade value of the Company’s ordinary shares, divided by the number of the Company’s total issued ordinary shares, which have been traded on the SET during the period of 15 (fifteen) consecutive Business Days prior to the date of the calculation.

In case that the “Market price per share of the company’s ordinary shares” cannot be determined because there is no trading of the ordinary shares during such period of time, the Company shall determine the fair value of the Company’s ordinary shares to be used, as a substitute, for the calculation.

“**Fair value**” means the price evaluated by the financial advisor which has been approved by the Office of the SEC .

(2) The exercise ratio shall be adjusted in accordance with the following formula:

$$\text{Ratio 1} = \frac{\text{Ratio 0} \times [\text{MP} \times (A + B)]}{[(A \times \text{MP}) + \text{BX}]}$$

“Net exercise price or conversion price per share of the newly issued ordinary shares reserved for the exercise of rights” shall be calculated from the total amount of proceeds received from the offering of securities having the rights to convert/change to the ordinary shares or the rights to purchase the ordinary shares less the amount of expenses incurred from the issuance of such securities (if any) and the sum of the proceeds received from the exercise of the rights to convert/change to the ordinary shares or the exercise of the rights to purchase the ordinary shares, then divided by the total number of the newly issued ordinary shares reserved for the exercise of the rights of such securities.

“Market price per share of the company’s ordinary shares” means the same as detailed in Clause 1.5.2.

“Date of the calculation” means the first day on which the purchasers of the ordinary shares shall not be entitled to subscribe for the newly issued securities having the rights to convert/change to the ordinary shares or the rights to purchase the ordinary shares in the case of the offering to the existing shareholders (Right Issue), and/or the first day on which the securities having the rights to convert/change to the ordinary shares or the rights to purchase of the ordinary shares are offered in the case of a public offering or a private placement, as the case may be.

The adjustment of the exercise price and the exercise

(-Translation-)

ratio shall become effective immediately from the first day on which the purchasers of the ordinary shares shall not be entitled to receive such dividend distribution (the first day on which the SET posts XD sign).

In this regard, the percentage of the dividend to be distributed to the shareholders shall be calculated based on the actual dividend paid from the operating results in each fiscal year, divided by net profit according to the separate financial statements of the Company (which has been audited), after legal reserves as required by laws, from the operating results of the respective fiscal period of the same year.

- 1.5.6 In any event causing the Warrant Holders to lose their acquirable rights and interest other than those stated in Clauses 1.5.1 – 1.5.5, the Company may consider the adjustment of the new exercise price and/or the exercise ratio (or adjusting the number of units of Warrants in lieu of adjusting the exercise ratio) in a fair manner and not to be less favorable than those currently available to them. In such case, the Company's decision on such matter shall be deemed as final. The Company shall notify the Office of the SEC and the Warrant Registrar such details within the period of 15 (fifteen) days from the date on which the adjustment is required to be made.
- 1.5.7 The calculation of the adjustment of the exercise price and the exercise ratio pursuant to Clauses 1.5.1– 1.5.6 shall be independent from one another and the calculation shall be made in respective order of change. In the event that any two events or more occur at the same time, the calculation must be made in the following orders: Clause 1.5.1, Clause 1.5.5, Clause 1.5.4, Clause 1.5.2, Clause 1.5.3 and Clause 1.5.6., respectively. - (3) In case such remainder contains more than two decimal places and the third decimal place is less than 5, the decimal from the third decimal places shall be rounded down.

In this regard, if the adjustment made on the exercise price causes the new exercise price calculated based on the formula to be lower than the Company's share par value the Company reserves the rights to only use the Company's share par value as the new exercise price, unless the Company has accumulated loss. The adjusted exercise ratio shall be based on the result calculated based on 1.5.1 – 1.5.6.
